Smart Fridges

- + Can reorder food items which run low.
- Food needs to be tagged (RFID, bar code, etc)

So who is going to tag the items, especially fruits, vegetables, etc?

→ Ask the Sabjiwalla!

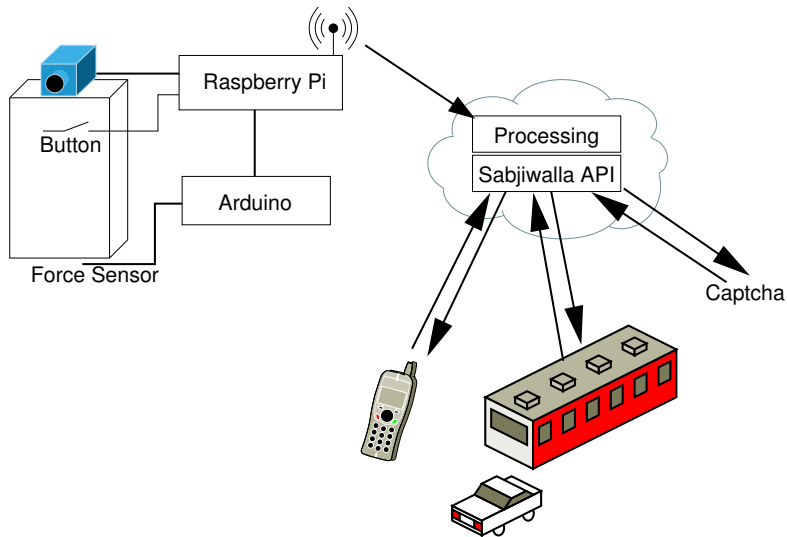

Figure: Sabjiwalla flowchart

- Estimate the shelf life for perishable items
- Suggest recipes based on the content stored in the fridge
- Add face recognition for personalized diet plans
- Support the recognition of articles by crowd-sourced game factor
